Upcoming Price Adjustment Effective May 7, 2025

Dear Valued Customer,

As previously communicated on February 21, 2025, Garland/US Range/Sunfire will implement a price adjustment effective **May 7, 2025**.

Garland/US Range/Sunfire has not implemented a list price increase since April 2022. We've managed to maintain stable pricing through factory efficiencies, strategic sourcing, and other cost-saving initiatives, despite significant increases in labor costs and inflation on components. However, due to ongoing challenges, such as tariffs and rising costs, we've had to adjust our pricing. Please see the updated price increases by category below:

Price Adjustments by Category:

Category*	Price Increase
Accessories & Options	4%
Convection Ovens	4%
GME Induction Ranges	5%
Induction Counter Equipment	15%
Sunfire	6%
XHP Broiler	10%

***Note: All other Garland products not listed above will increase by 5%.**

Order Guidelines:

- Garland/US Range/Sunfire will honor current pricing for open orders scheduled to ship **before September 1, 2025**. Orders with ship dates beyond this will need to be repriced. Customer Service will contact you if this applies to your orders.
- New orders placed **before May 1, 2025**, will be processed at current pricing if the following conditions are met:
 - Orders are scheduled to ship by **May 31, 2025**, or by the standard lead time if later.
 - Orders do not exceed typical purchasing volumes (i.e., no bulk “price protection” orders).

We truly appreciate your continued partnership and understanding. If you have any questions, please don't hesitate to reach out.

Best regards,

Graham Sams
President, Garland/US Range/Sunfire
